Election/Restrictions

1. Claims 1-8 are allowable. The restriction requirement between species, as set forth in the Office action mailed on October 30, 2006, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 9-12, directed to the non-elected species are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

2. Claims 1-12 are allowed.
3. The following is an examiner's statement of reasons for allowance: There is no teaching or suggestion in the prior art of the claimed combination having the third rotational transmission gear train transmitting the rotation of the input shaft to the output shaft without the middle shaft, and the cvt ratio change mechanism and the fixed ratio

rotational transmission mechanism are disposed in parallel with one another and are selectively used for transmitting rotational force from the input shaft to the output shaft; re claim 7, the second rotational transmission gear train and the drive oil chamber are positioned substantially in a common plane that is perpendicular to the axes of the shafts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
